

February 2016

Dear Parent/Guardian –

Your junior student has the opportunity to participate in a series of work sessions being offered this spring at Deep High School. The school counseling department will be presenting this work session to college-bound juniors over six sessions. The sessions will be held on six consecutive Thursday's starting February 18th during the first half of lunch.

These sessions will get your student ready for the college application process. Session topics will include searching for a good fit college, creating a common application account, completing the majority of the common application, researching majors and preparing for college essays. A variety of activities will be used to complete each of these areas.

We hope that you will support your child's participation in the opportunity and sign below allowing him or her to participate. Please feel free to contact your school counselor (364-8020) with any questions or concerns you may have. Please complete the bottom portion of this letter and return it to the School Counseling Office at your earliest convenience. You do not want to miss out on this opportunity.

Sincerely,

DRHS School Counseling Department
